

## Jasper

Jasper was born April 14, 2009 at 9:45pm down at the Big Red Barn!! His mother was a beautiful sorrel and white Tovero Paint and father was a Cremello Quarter Horse. He tried to come into this world backwards, as a breech baby, but his mother knew what to do. We actually had the vet on standby, but his mother got up, walked around a little, and laid back down rather hard. The next time we saw him, it was his front feet and little nose. Dave had to help pull him into this world, and has been a part of our family

ever since. He is now five years old, and his goal in life is to become a future therapy horse at Chakota!
