

Rachel

Rachel has been a supporter of Chakota for a long time. With her parents' help, she has been to almost every event that Chakota has ever had, and she wears her Chakota shirt to all of her riding lessons. We can also thank Rachel and her parents for the horses' new halters and leads!

When Rachel first started riding, she also needed a back rider to help support her and keep her balanced. She now has gained enough strength and muscle to not only ride without a back rider, but she now rides backwards and she loves to ride on her belly! Of course she has her Team surrounding her at all times and; as always, safety is our #1 priority!

She is also another Rider that has a gorgeous smile and an infectious laugh. If you are having a bad day, you can't help but feel better after a visit with Rachel! Thank you, Rachel, for being a priceless part of the Chakota family!!
