

## Ryan

2014 was Ryan's first year at Chakota. He loves to ride his horse Cherokee, or as he calls him, "KeeKee". He loves to go fast on KeeKee, it gives him the sensory input he needs, and it's just fun! His laugh when they get going is so contagious, everyone around can't help but smile or laugh along.

Ryan loves to play with the football and toss it back and forth with his team. This allows us to work on his hand/eye coordination while he has fun! Another favorite for him is to play with the rings and try to make it on either the spoons or the "human poles". He also is mounting from the block in the arena instead of the ramp! We are so proud of his progress this year! We also look forward to many more years to watch him grow with his "KeeKee"!
