

## **Zoey**

Zoey has been with us for 2 years now and has made great strides and accomplishments. She loves her horse Friday and loves when she gets to do her sensory laps on him! Sensory lap, you ask? It is when we have the horse speed up to a trot; this gives our riders a faster pace and bounce! How fun is that!? Ask Zoey or watch her give you huge smiles when she is riding!

When she started last year she was very shy and would not talk above a very quiet whisper. This year, Zoey can be heard across the arena!! She loves to show off to her sisters, but this year, she just comes with Mom or Dad and loves the one-on-one time. She has become very active in playing games with her entire team this year! She is a heart stealer, so watch out! She has also started getting herself ready when she arrives and will find her purple helmet. We are so excited to see such huge progress with her over the last 2 years, and look forward to watching more progress in the coming years!
